

Texas MOUNTAIN TRAIL REGION Economic Impact

 The 6-county Texas Mountain Trail Region features rich heritage, rich culture, and unforgettable history, including two Texas Historical Commission state historic sites.

Travel and tourism are vital to the Texas economy, and the Mountain Trail Region is no exception. In 2024, direct travel spending in the Mountain Trail Region accounted for roughly \$2.5 billion of the overall \$97.5 billion spent by visitors to the state.

Visiting historic sites, communities, and museums is a significant component of the state's and region's travel industry. A 2015 study by The University of Texas at Austin and Rutgers University determined that more than 10.5 percent of all travel in Texas is heritage-related.

Following devastating declines due to the pandemic, the Texas travel industry continues its rebound in 2024. Travel spending increased an estimated 3.5% compared to the prior year, and all economic indicators now exceed the pre-pandemic level.

Travel Matters

\$2.5 billion
direct travel spending in 2024

\$212.4 million
state and local taxes generated from travel spending

17.9 thousand
jobs directly supported by tourism spending within the region

\$772.2 million
travel-generated earnings
